May-Maggio 2012

Bring your camera shoot some kung fu!!!

Sunday, May 27, as an eclectic event within the show, we will be presenting the first **Kung Fu Stars™** cinematographic award for amateur short films in the martial arts world.

The short films presented must be between 3 and 5 minutes in length and must not contain ostentatious violence or scenes that are morally offensive.

Of course, you can break out into the most daring action scenes without limiting your imagination.

The winner will receive a major prize from our sponsors and new opportunities in the world of short films.

Championship Program 2012

This magnificent Championship will be an occasion to come together according to a noble ideal; for the first time in the history of martial arts we will offer our part of the proceeds to the children of Cambodia.

The path of the Warrior guides us....

We have organized, according to innovative concepts and the feedback that many have shared through their experiences in years of participation at national and international tournaments, an event which will provide the following:

- **Honest, fair and transparent Judging**
- **Opportunities for dialogue between Judges, Technical Directors and Athletes.**
- **3 days of televised feed of the championship (RBT channel Sky 819)**
- **Ample space for organizing Seminars and Workshops**
- **Substantial prizes from our sponsors and a World Class Masters Competition**
- **The best European Athletes will be sponsored by ICMAC Europe to participate at the ICMAC 2013 World Championship**
- **The first Amateur Award of Martial Arts Cinema**

We await your numerous participation at this unforgettable event!!!
